Bob

I have attached a transcript of that portion of yesterday's Board Meeting pertaining to the Trumpets Work Group presentation . Pay particular attention to your comments at 45:39 and at 52:19. I did not misunderstand what you said. You did not say, yesterday, what you claimed to have said in your email this morning.

Mr. Dixon,

You are mistaken. You did not understand what I said yesterday.

I stated yesterday that I had attended a seminar over two years ago that was conducted by the Vegas Valley Angel investment group where Mr Goff was one of the key speakers. I said I was impressed that he displayed a very strong financial background and demonstrated that he would be a very tough negotiator in any business deals.

That kind of public seminar attendance can not be considered to be any kind of a "relationship" with Mr. Goff. Such a casual contact over two years ago has no affect on my participation in the lease negotiations.

As a Director, and as a trained, professional contracting officer, I am entitled and well-qualified to participate until a lease is concluded. Please immediately put me on the address list of all negotiating group meetings--including the information about today's meeting.

If today's meeting is going on at this time, I wish to be called by a CAM representative on my cell phone at 280-2778 and I will come as soon as possible. Even if the meeting is already over, I wish to be notified of the agenda, who was in attendance, and what was concluded.

Robert Frank
Director

I'm not sure your participation in this discussion is appropriate. You stated yesterday, Thursday, May 24, at the Board Meeting, that you have a long-standing relationship with Bill Goff, head of the Boulevard Group, that you failed to disclose previously. Because of this undisclosed relationship, I believe you have a conflict of interest that makes your participation inappropriate in any phase of the lease negotiation process.

Mike and Caren,

Please advise when and where is the restaurant workshop/meeting on Friday, April 24 that you announced today at the board meeting?

Bob Berman and I both stated we wanted to attend and participate in the meeting to develop draft "board policies" for use by the negotiating group.

Bob Frank
